

AUSTRALIAN COMBUSTION SUMMER SCHOOL

16 – 21 December 2018

The University of Sydney

See: <http://www.anz-combustioninstitute.org/ACSS2018/index.php>

Please apply by 5th October 2018 at the following site:

<http://www.anz-combustioninstitute.org/ACSS2018/application.php>

Combustion and its Modes

Assaad Masri, The University of Sydney

Chemistry and Reduction Methods

Yi Yang, The University of Melbourne

Soot Chemistry / Nanoparticle Synthesis

Hai Wang, Stanford University

Thermoacoustic Instabilities/Gas Turbine Combustion

Ruud Eggels, Rolls-Royce

Combustion Diagnostics

Matthew Dunn, The University of Sydney

Internal Combustion Engines

Shawn Kook, The University of New South Wales

Sprays and Combustion Modelling

Agi Kourmatzis and Matthew Cleary, The University of Sydney

Combustion and Gasification of Solid Fuels

Gus Nathan, The University of Adelaide

Fire Dynamics and Suppression

Vasily Novozhilov, Victoria University

Micro-Combustion and Catalytic Chemistry

Brian Haynes, The University of Sydney
